Importance: Normal

Good morning, All. As you know, the crew from *Chewww on This!* will be here today to tape us in their cooking production which will be aired on their cable station by the end of the month. Joining us for this event are some local officials:

Toni Young - [Mayor, City of Port Hueneme](#)

Don Waunch - [Mayor, City of Camarillo](#)

Manuel Lopez - [Mayor, City of Oxnard](#)

Neal Andrews - [Councilman, City of Ventura](#)

and four [Tuskegee Airmen](#): Oliver Goodall, Lowell Steward, William Ellis, and Oscar York.

Everyone will be served a special lunch made on location. The actual filming portion will be a special dessert which the audience will also sample. We are told this production team is big on entertainment and audience participation, so it should be fun. Please plan to be in your seats at the SW end of hangar 118 by 1030. Taping should begin around 1100 and end by 1300.
